January 6, 1978

Herb Henne
P.O. Box 501
Hanksville, Utah

Dear Mr. Henne:

This letter is to serve as a reminder of the points covered at our 10:00 A.M. Meeting on December 19th, 1977. You will recall we agreed on a January 15, 1978 deadline for filing the Mining and Reclamation Plans, Forms MR-1 and MR-2, for the work done in the Henry Mountains.

Included in the plan should be a provision for revegetating cut road banks and pits with a balanced grass-shrub mixture. If you like the Division will prescribe a seed mixture.

Regrading of pits also needs to be addressed, as well as shoving fill material against the oversteepened cut faces to reduce slopes. Marginal ore may be stockpiled in these areas for later recovery.

Road drainage also needs to be covered in the plan, including installation of water bars, dips, and adequate culverts.

After we receive the plan and give tentative approval, the plan will be published in the Local and Salt Lake City Newspapers with a thirty (30) day comment period. If no substantial objections are received, we will set a reclamation bond covering the work needed to be done.

If you have any questions on this matter, please feel free to contact this office. Thank you for your cooperation.

Sincerely,

K. MICHAEL THOMPSON
RECLAMATION HYDROLOGIST
